

# Alex Moreau

Senior Infrastructure Engineer

alex@moreau.dev · +44 7700 900123 · London, UK · [github.com/alexmoreau](https://github.com/alexmoreau) · [alexmoreau.dev](https://alexmoreau.dev)

## SUMMARY

Infrastructure engineer with eleven years on payment and ledger systems, most of it on the reliability side of teams that could not afford an outage.

## EXPERIENCE

### Senior Infrastructure Engineer

Mar 2022 – Present

Stripe · London

- Rebuilt the ledger write path: p99 commit latency from 340ms to 45ms.
- Led 40 services off a shared Postgres primary, retiring the last SPOF in payments.

Go · Postgres · Kubernetes · Terraform

### Platform Engineer

Jun 2019 – Feb 2022

Monzo · London

- Took the bank from 20 to 200 deploys a day, with no new approval step.
- Cut paging 60% by fixing three alerts rather than raising thresholds.

Go · Cassandra · AWS

### Backend Engineer

Sep 2016 – May 2019

Deliveroo · London

*Rider dispatch, through a period when order volume grew eight-fold.*

## EDUCATION

### BSc Computer Science

2013 – 2016

University of Bristol

First Class Honours

## SKILLS

### Languages

Go Swift Python SQL

### Infrastructure

Kubernetes Terraform AWS Postgres
