

Alex Moreau

Senior Infrastructure Engineer

Contact alex@moreau.dev · +44 7700 900123 · London, UK · github.com/alexmoreau
alexmoreau.dev

Summary Infrastructure engineer with eleven years on payment and ledger systems, most of it on the reliability side of teams that could not afford an outage.

Experience **Senior Infrastructure Engineer** Mar 2022 – Present
Stripe · London

- Rebuilt the ledger write path: p99 commit latency from 340ms to 45ms.
- Led 40 services off a shared Postgres primary, retiring the last SPOF in payments.

Go · Postgres · Kubernetes · Terraform

Platform Engineer Jun 2019 – Feb 2022
Monzo · London

- Took the bank from 20 to 200 deploys a day, with no new approval step.
- Cut paging 60% by fixing three alerts rather than raising thresholds.

Go · Cassandra · AWS

Backend Engineer Sep 2016 – May 2019
Deliveroo · London

Rider dispatch, through a period when order volume grew eight-fold.

Education **BSc Computer Science** 2013 – 2016
University of Bristol
First Class Honours

Skills Languages Go, Swift, Python, SQL
Infrastructure Kubernetes, Terraform, AWS, Postgres
Practice Incident response, Capacity planning, Mentoring

Projects **ledgerfuzz** 2023
Author · github.com/alexmoreau/ledgerfuzz
A property-based fuzzer for double-entry ledgers. In production at two banks.

Certifications **CKA — Certified Kubernetes Administrator** 2021
CNCF
