

Alex Moreau

Senior Infrastructure Engineer

Infrastructure engineer with eleven years on payment and ledger systems, most of it on the reliability side of teams that could not afford an outage.

EXPERIENCE

Senior Infrastructure Engineer

Mar 2022 – Present

Stripe · London

- Rebuilt the ledger write path: p99 commit latency from 340ms to 45ms.
- Led 40 services off a shared Postgres primary, retiring the last SPOF in payments.

Go · Postgres · Kubernetes · Terraform

Platform Engineer

Jun 2019 – Feb 2022

Monzo · London

- Took the bank from 20 to 200 deploys a day, with no new approval step.
- Cut paging 60% by fixing three alerts rather than raising thresholds.

Go · Cassandra · AWS

Backend Engineer

Sep 2016 – May 2019

Deliveroo · London

Rider dispatch, through a period when order volume grew eight-fold.

EDUCATION

BSc Computer Science

2013 – 2016

University of Bristol

First Class Honours

SKILLS

Languages

Go Swift Python SQL

Infrastructure

Kubernetes Terraform AWS Postgres

Practice

Incident response Capacity planning Mentoring
